September 19, 2024

To All Parents/ Guardians:

As you may be aware, today there have been a series of threats happening to schools in the Capital Region, as well as across New York State. The threats that have occurred appear to be recycled or similar to those occurring around the state.

The Hartford Central School District has not been a target of such a threat; however, we are prepared for the potential of that occurring and are continuing to monitor the situation. The District takes any threat very seriously and will follow all of our emergency protocols to ensure the safety of our students and staff.

Those who believe these threats to be a prank should understand that they have serious repercussions in terms of criminal charges.

Sincerely,

Andrew Cook
Superintendent
Hartford Central School District
