September 14, 2021

To All Parents / Guardians:

Earlier this evening, the district was made aware of a COVID-19 positive case in the district. The district is currently working with the Washington County Department of Health to properly complete the contact tracing process. As a result of this designation, the individuals who have been determined to be a 'close contact' have been contacted and have been quarantined by the Washington County Department of Health as a precautionary measure.

Please note that the district is assisting the Washington County Department of Health with contact tracing efforts and we have been following all the proper protocols including mask wearing, social distancing, disinfecting, and hand washing.

We continue to encourage our parents and guardians to monitor their child's health. If they display any COVID-like symptoms, please do not send them to school and contact your primary health care provider.

Thank you for your continued support and patience as we work through this difficult time together.

Sincerely,

Andrew Cook
Superintendent
Hartford Central School District
